

**Weev** got the power!

# Operating Instructions

Hello, We are Weev and we operate the EV Chargers here at Belfast City Airport.

To operate our chargers our customers have three ways of doing this:

1. By downloading the **My Weev App** (the cheapest and easiest way to charge)
2. Using their **My Weev Fob** (which they can get on the My Weev App)
3. Or via card which is done by scanning the QR code located on our chargers.

Below are the instructions for how customers can download the **My Weev App**.

A link to the App is also on the short stay car park online booking confirmation.

*Should users encounter any issues with charging or have questions, please do not hesitate to reach out for assistance by emailing [support@weev.ie](mailto:support@weev.ie)*

**Or call our 24/7/365 support number below:**

**028 9009 8888**

## 1. Download the My Weev App

Download the **My Weev App** by simply scanning the QR code.

OR

Click the links below

**Apple Store:** <https://apple.co/3YmeE5U>

**Google Play:**

<https://bit.ly/DownloadMyWeev>

## 2. Create an account

Sign Up to the My Weev App using your email address.

## 3. Add Your Payment Method (No Charges Apply)

It's necessary to add your payment method within the app, but rest assured, no charges will be incurred at this time.

## 4. How to Charge

Open the My Weev App to view the map displaying your nearby charging points.

Use filters to locate the charging stations, or simply search for Belfast City Airport in the search bar.

Once you've selected a charger **choose the connector** on the charger screen and connect the cable to your vehicle.

Follow the app's instructions to initiate the charging process smoothly.

Monitor the progress and receive real-time updates on the charging status.
